3 Calculate your cost

Three things set your price — your group size (step 1), your date (step 2), and the maths below.

A — Your package %
From step 1 — your group size decides the discount.

B — Your gate price
From step 2 — your date's colour on the calendar.

C — Do the maths
Gate price × (1 – discount) = adult ticket. Child ≈ 66% of that.
